OUR PROCESSES

Regular Reintegration

This process contemplates a comprehensive approach to the people in the reintegration process and their family through eight dimensions (personal, family, health, education, production, security, citizenship and habitat), which affect the development and strengthening of capacities leading to the autonomous exercise of citizenship within the framework of legality.

Special Reintegration

It promotes the reintegration of people postulated to Law 975 of 2005 once they have recovered freedom effectively through access to benefits such as psychosocial counseling, education and training for employment to allow them to continue to live under the framework of legality and meet the commitments acquired with the victims in terms of symbolic reparation.

Reincorporation

Comprehensive and sustainable process of an exceptional and transitional nature that considers the interests of the Farc-Ep community in the reincorporation process, its members and their families. It is aimed at strengthening the social fabric in the territories, promoting coexistence and reconciliation among those who inhabit them, and fostering productive activity and local democracy.
