SOCIAL AND ECONOMIC REINTEGRATION

Update

This publication is addressed at people who are in the process of economic and social reincorporation in the former Territorial Spaces of Training and Reincorporation (**ETCRs**) and the national territory at large.

This update presents information related to components, stages and criteria of the Reincorporation Route that came into effect January 1st, 2020. It also provides details about ways to access the economic benefits provided by current regulations – specifically the Single Normalization Allowance, the Basic Income, monthly allowances and resources for productive or housing projects. In addition, the Social and Economic Reintegration Update provides interesting information on the stabilization process currently under way at former **ETCRs**.

It must be noted that the Farc component before the National Reincorporation Council (**CNR**) contributes to and reviews this publication.

SOCIAL AND ECONOMIC REINCORPORATION

Route

The Reincorporation Route is the comprehensive, sustainable and transitory process based on a state-agency initiative that facilitates access to rights, wherein individuals in the process of reincorporation and their families strengthen the necessary capacities to successfully complete their process within the framework of legality.

This route features two stages – **Early Reincorporation** and **Long-term Reincorporation** – and is the result of an agreement concluded with the National Reincorporation Council (**CNR**).

The Long-Term Reincorporation stage has a Roadmap, which is defined in a participatory way between the individuals in the process of reincorporation and officials of the Agency for Reincorporation and Normalization (**ARN**), to achieve their individual and collective purposes.

The Roadmap's general guidelines are agreed upon between delegates of the Farc component before the National Reincorporation Council (**CNR**) and the Agency for Reincorporation and Normalization (**ARN**).

The Route reflects the commitment of the National Government with the social and economic reincorporation of individuals in the process of reincorporation as accredited by the Office of the High Commissioner for Peace (**OACP**).

EARLY REINCORPORATION

Stage

The Early Reincorporation Stage has a duration of 24 months after the individual in the process of reincorporation joins the Agency for Reincorporation and Normalization (**ARN**). All actions leading to the adaptation of people in reincorporation to civilian life are developed during this stage; in addition, access of this population to state agency-based services is provided in accordance with their needs and interests.

All individuals in the process of reincorporation must go through this stage.

Basic income, in the amount of **90% the Current Minimum Legal Monthly Wage**, provided the individual in the process of reincorporation has no ongoing employment or contractual link whatsoever.

Single Normalization Allowance – a one off payment in the amount of **two million Colombian pesos (COP 2,000,000)**.

LONG TERM REINCORPORATION

Stage

The Long-Term Reincorporation Stage begins once the 24-month Early Reintegration Period has come to an end. The spectrum of state-agency based service provision is expanded during this stage, and the individual and collective capabilities of the people in the process of reincorporation are strengthened for the exercise of their rights and duties. Thus, individuals in the process of reincorporation are expected to achieve reincorporation in a comprehensive and effective fashion.

This stage involves crosscutting co-responsibility, comprehensive support and monitoring-related actions. In addition, the Route provides adequate attention to the population based on their ethnicity, sex, sexual orientation, gender identity, life project and conditions of disability.

Long-term Reincorporation encompasses seven components:

EDUCATIONAL

ECONOMIC SUSTAINABILITY

HABITABILITY AND HOUSING

COMPREHENSIVE PSYCHOSOCIAL WELL-BEING

HEALTHCARE

COMMUNITY

FAMILY

COMPONENTS

OF THE REINCORPORATION ROUTE

EDUCATIONAL

Individuals in the process of Reincorporation and their families will be able to access primary and secondary basic education, middle, technical and technological education through public institutions in the territories and under flexible education models implemented throughout the country, according to their needs and interests. Flexible education models are as follows:

Plowing for Education

Education and Training

Itinerant Teacher

In addition, mechanisms will be managed to facilitate admission to higher education programs with institutions endorsed by the Ministry of National Education.

TRAINING FOR THE TRADES AND HUMAN DEVELOPMENT

Individuals in the process of Reincorporation and their families will be able to access training programs for the trades and human development. The goal here is to allow these individuals to acquire knowledge and skills to carry out a productive activity as employees or entrepreneurs, whether individually or collectively.

The Agency for Reincorporation and Normalization (ARN) will manage, support and promote actions to facilitate access to – and permanence within – the Educational System. By the same token, ARN will take actions to facilitate access to higher education and job training programs on the part of individuals in the process of reincorporation.

It should not go without mentioning that individuals in the process of reincorporation will also have an opportunity to access the public-agency based services available in the territories.

ECONOMIC SUSTAINABILITY

Generation of sustainable income sources in the medium to long term will be promoted, alongside actions seeking to strengthen co-ops and processes of labor inclusion, taking into account territorial, differential and gender-based approaches.

Similarly, project design stages will be supported and technical assistance will be provided in unison with territorial, national and international institutions.

COLLECTIVE PRODUCTIVE PROJECTS:

Approved by the National Reincorporation Council - **CNR**.

INDIVIDUAL PRODUCTIVE PROJECTS:

Approved by the Agency for Reincorporation and Normalization - **ARN**.

Individuals in the process of reincorporation are entitled to a one-time economic benefit in the amount of 8 million Colombian pesos (COP 8,000,000) for use in productive (individual or collective) projects or for housing acquisition, improvement or renovation.

HABITABILITY AND HOUSING

Individuals in the process of reincorporation will receive support from the **ARN** in coordination with local and national agencies for housing acquisition, improvement or sanitation and construction of dispersed or grouped housing solutions, whether individually or managed through a co-op. Also, assisted self-construction processes will be supported and strengthened by training strategies.

It should be noted that requirements must be met in terms of property ownership (real estate history and ownership certificate, in the name of the owner, with cadastral registration number) to use the economic benefit for sanitation and improvement of housing in accordance with current regulations.

Support and procedural management will be provided to promote habitability and housing conditions, in accordance with the territorial context, the state-agency based services available and in coordination with competent authorities.

HEALTHCARE

Individuals in the process of reincorporation and their families will be registered before the General Social Security and Healthcare System. To this effect, **ARN** will manage the corresponding affiliation procedures and will provide counsel for understanding the inner workings of the Social Security and Healthcare System, their duties and rights, the comprehensive network of services and social participation in healthcare.

Additionally, people with disabilities, people with high-cost illnesses and the elderly may participate in specific programs as established by the Government.

The Government will carry out the necessary actions to bring healthcare closer to remote rural areas.

COMPREHENSIVE PSYCHOSOCIAL WELL-BEING

The actions in this component seek to enable individuals in the process of reincorporation to enhance their capabilities to establish meaningful relationships, strengthen their interpersonal ties and contribute to the improvement of the quality of individual and collective life, in addition to contributing to the coexistence and reconciliation of the territories where reincorporation is taking place.

This component will be developed in accordance with the psychosocial accompaniment program, which is jointly designed with the delegates of the Farc component before the National Reincorporation Council (CNR).

FAMILY

Individuals in the process of reincorporation and their families will receive support from **ARN** for strengthening bonds of mutual care, coexistence and the promotion of family development. In addition, they will receive guidance and management for access to services to enable the exercise of their rights, with special emphasis on children and adolescents, in coordination with public agencies.

COMMUNITY

This component contributes to the strengthening of the social tissue, coexistence and reconciliation in the territories where the Reincorporation Policy is developed, through actions within the framework of the community reincorporation strategy and other initiatives.

REINCORPORATION ROADMAP

The Reincorporation Roadmap is the instrument that gathers the agreements between individuals in the process of reincorporation and ARN regarding the components established in the Long-term Reincorporation Stage. The Roadmap will be agreed upon alongside the **ARN** facilitator, and may be individual or collective in nature, as per the guidelines agreed upon with the Farc component before the National Reincorporation Council (**CNR**).

The Roadmap will prioritize components deemed necessary for the advancement of social and economic reincorporation, and will rely on the support and management of **ARN** for the development of the Reincorporation Roadmap.

Do contact your reincorporation facilitator or liaison officer should you have any questions in relation to the design of the Roadmap.

ACCESS TO ECONOMIC AND SOCIAL BENEFITS

SINGLE NORMALIZATION ALLOWANCE

¿WHAT IS IT?

The Single Normalization Allowance is an economic benefit granted to individuals accredited by the Office of the High Commissioner for Peace (**OACP**). This is a one off payment in the amount of **two million Colombian pesos (COP 2,000,000)**.

BASIC INCOME

¿WHAT IS IT?

It is an economic benefit equivalent to 90% of the Minimum current legal monthly wage paid during the Early Reintegration stage for a period of 24 months, starting on the date whereupon the **OACP** communicates accreditation to the **ARN**. The economic benefit is delivered monthly to individuals in the process of reincorporation who have no ongoing employment or contractual link whatsoever.

This benefit will continue to be received if the 24-month basic income period has not been completed.

Note that you should contact ARN two months before completing the 24-month basic income period to verify registration and attendance to activities under the social and economic reincorporation program, so as to avoid disruptions in the corresponding disbursements.

MONTHLY ALLOWANCE

¿WHAT IS IT?

Monthly allowances are an economic benefit granted after 24 months of basic income, which corresponds to **90% of the Minimum current legal monthly wage** and is subject to participation in activities agreed upon in the **Roadmap**.

¿WHO IS ENTITLED TO IT?

Individuals in the process of reincorporation accredited by the OACP who comply with the monthly agreements and activities established in the Roadmap, with the support provided by ARN.

¿WHEN IS NON-ATTENDANCE TO ANY OF THE ACTIVITIES SCHEDULED FOR THE MONTH EXCEPTIONALLY JUSTIFIED?

- Medical disability.
- Maternity leave.
- Appearances pursuant to summons submitted by the Comprehensive System of Truth, Justice, Reparation and Guarantees of Non-Repetition.
- Departure from the country which has been duly authorized by the competent authority.
- Extraordinary events (Force Majeure, Acts of God, domestic calamity, illness or death of a member of your family group), in accordance with regulations currently in force.

Please note that in the event of occurrence of any of the situations above, you have a period of one month to submit supporting documentation to your facilitator in relation to any exceptional cases.

¿ARE INDIVIDUALS WHO ARE WORKING ENTITLED TO THE MONTHLY ALLOWANCE?

YES

Provided the income you receive is less than five (5) Current Minimum Legal Monthly Wages. In any case, **ARN** will continue to accompany the reincorporation process (social benefits).

CAN THE BENEFITS OF THE REINCORPORATION PROCESS BE TEMPORARILY LIMITED?

YES

The monthly allowance will be temporarily limited whenever one of the following situations occurs:

- Deprivation of liberty.
- Pursuant to a court order.

CAN THE BENEFITS OF THE REINCORPORATION PROCESS BE PERMANENTLY DISCONTINUED?

YES

In any of the following situations:

- Sentences for intentional crimes committed after December the 1st, 2016.
- Sentences issued by the Special Indigenous Jurisdiction for crimes committed after December the 1st, 2016.
- Pursuant to a ruling issued by a Justice of the Republic.
- Ruling issued by the OACP ordering the expulsion of the individual from the list of former Farc-Ep members.

COMPLIANCE WITH THE AGREEMENTS AND ACTIVITIES AGREED UPON IN THE ROADMAP ARE REQUIREMENTS FOR THE DISBURSEMENT OF THE MONTHLY ALLOWANCE.

FORMER TERRITORIAL SPACES FOR TRAINING AND REINCORPORATION (ETCRS)

¿WHAT WILL HAPPEN TO THE FORMER ETCRS?

The former ETCRs will not disappear, nor will they be evicted, while the process continues to transform them into permanent entities associated to the territorial ordaining of each territory. During this period, the former Spaces will continue to be managed by ARN with guarantees for the provision of food, public services and security measures. The National Government shall further its commitment to those who continue to live within legality.

FOOD:

ARN will continue to guarantee the supply of food for the population in the process of reincorporation at places designated by the National Government, according to current regulations.

SECURITY:

Security measures will be maintained by law enforcement agencies at former **ETCRs**.

HEALTHCARE:

The National Reincorporation Council (**CNR**) TWG defined the healthcare plan for the year 2020, as approved in session No. 106.

PROVISION OF PUBLIC SERVICES:

ARN will continue to manage and provide public services at former **ETCRs** while the process of transformation of these spaces is under way..

ACCESS TO LAND:

Since the Final Agreement did not provide access to land for individuals in the process of reincorporation, the National Government enabled the possibility of generating access to land, in order to support progress in a long-term reincorporation process. Access to land is designed to have a productive vocation, or for the generation of housing solutions focused on this population.

Furthermore, the National Reincorporation Council (**CNR**) will work hand in hand with the communities to find solutions that allow to consolidate the territory through access to land.

Please note that, under the National Development Plan, the National Government opens a new access route to land associated with the existence of a productive project.

If you have additional questions or want to delve into any of the topics covered herein, please do feel free to contact the facilitators at **ARN** or the reincorporation liaison officer in the territory.
